APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions:

This permit is issued subject to all existing rights on
 the source and is limited to what the well will produce but not to
 exceed 4.0 c.f.s. It is understood that this right must allow for a
 reasonable lowering of the static water level at permittees well due
 to other ground water development in the area. A substantial weir or
 other type of measuring device must be installed and measurements of water
 use kept, and a method provided, either air line or opening, for measuring
 depth to water. The State retains the right to regulate the use of the
 water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 4.0

cubic feet per second, and not to exceed a yearly duty of 4 acre-feet
 per acre of land irrigated.

Actual construction work shall begin on or before July 7, 1955

Proof of commencement of work shall be filed before August 7, 1955

Work must be prosecuted with reasonable diligence and be completed on or
 before July 7, 1956

Proof of completion of work shall be filed before August 7, 1956

Application of water to beneficial use shall be made on or before
July 7, 1961

Proof of the application of water to beneficial
 use must be filed with State Engineer on or before August 7, 1961

See File AUG 16 1954

Proof of commencement of work filed AUG 12 1955

Proof of completion of work filed FEB 16 1956
